SUMMARY

Motivated Computer Science undergraduate with a strong interest in software engineering, full-stack development, and AI-driven technologies. Enthusiastic about building real-world applications that are functional, feature-rich, and reliable. Keen to work on full-stack and AI projects, apply problem-solving skills, and continuously learn to develop scalable and impactful software solutions.

INDUSTRY EXPERIENCE

Full Stack Developer Intern

ElevAlte Labs | Dec 2025 – Present

ElevAlte Labs – Company Website

- Developed the official company website for ElevAlte Labs using modern full-stack technologies.
- Implemented responsive and visually appealing UI with smooth animations, focusing on clean UX and performance.
- Contributed to end-to-end development, from frontend implementation to backend integration, ensuring complete functionality.

Beeecho – Mobile Networking Application (Ongoing)

- Currently contributing to the development of Beeecho, a networking mobile application designed to connect creators, brands, and event organizers.
- Contributing to features where brands can discover and hire influencers for promotions and collaborations.
- Working closely with the team to improve user experience, application flow, and feature stability.

PROJECTS

AI-Based Personal Finance Management System (MERN, Python, Flask, Pandas, Matplotlib, Google Gemini API)

- Built a full-stack web app for budgeting and expense tracking using the MERN stack.
- Integrating Google Gemini API with Flask to deliver AI-powered financial insights.
- Leveraging Pandas and Matplotlib for automated expense categorization and data visualization.

TECHNICAL SKILLS

- | | |
|---|---|
| • Programming: C, Java, Python, JavaScript. | • Tools: VS Code, postman, Android Studio |
| • Backend: Node.js, Express.js, Flask | • Version control: Git and GitHub |
| • Databases: MongoDB, MySQL | • Languages: flutter(basics) |
| • Design tools: Canva, Figma | • APIs: RESTful APIs, Integration |

EDUCATION

Bachelor of Technology, Information Technology

CVR College of Engineering | Ibrahimpatnam, Mangalpally | CGPA:8.0|Expected in Apr 2026

CERTIFICATIONS

- Google Cloud Computing Certification, Google, 2025
- AWS Cloud Foundations, AWS Academy, 2025
- GenAI Powered Data Analytics Job Simulation, TATA (via Forage), 2025
- Celonis Business Analyst Certification, AICTE, 2024

EXTRACURRICULAR

Design Lead, GDGC Club, CVR COLLEGE OF ENGINEERING | NOV 2024-JUNE 2025

- Led and coordinated design initiatives for club events as Design Lead at GDGC Club, ensuring cohesive branding, creative direction, and team collaboration to enhance visual impact.
- Supported the Google Solution Challenge 2025, assisting 50+ teams with event coordination, design support, and promotional content creation.
